

Product Data Sheet

Black Diamond Dash Spray Dressing (Non-silicone)

Product Description

A non-hazardous, aqueous based, pleasantly fragranced product. Designed for use on interior vinyl trims, rubber, leather, wood, and wood veneer surfaces. Leaves a highly polished sheen durable film to all treated surfaces. Does not contain silicone.

Directions for Use

For best results, where the surfaces are particularly dirty, use Black Diamond Interior Cleaner or Foam Cleaner prior to using this product. Spray directly onto surfaces, or onto a clean cloth, then wipe & buff. Allow to dry, leaving a highly polished surface, with a sheen finish.

Do not use on paintwork, fabrics, floors, vehicle controls or any surface where a slippery surface may be hazardous.

Code/Pack Size
